

Let your light shine...

# HSA NEWSLETTER

26TH SEPTEMBER 2025

Happy Friday!

It has been a pleasure this week watching the children play on the school field. We are making the most of the field before winter. Children in Year 4 constructed a fantastic boat out of crates and tyres. Or was it a caravan? Or a plane? That's the beauty of imaginative play!

Our den area has a good stock of wooden branches which children are using to build shelters and bridges. They also double as magic wands. Our firepit circle is a popular quiet place to sit and our tables with parasols double as an outdoor classroom. Watch this space as we develop our outdoor play and learning even more do children get the most from their break times. Don't forget warm coats for them!

Ms Cooper

## UPCOMING EVENTS

OCT

6-10

Space week - please read the letter for details

21/22

Parent Consultation Evenings

21

Year 3 Stone Age Day

22

Year 4 Art Gallery Breakfast

23

Values Day - Curiosity

## ATTENDANCE

Attendance has been amazing this week! Let's all enjoy this time before the winter bugs hit us!

It makes a big difference to children's sense of belonging when they are in school regularly. If your child has ongoing health needs, we will support them - please ask us.

This week's Attendance Cup winners are... **HAZEL with 99%! Well done!**

# Shining Lights Awards

Let your light shine

Today's nominations include: curiosity as we end our Science Block "We are Biologists", effort in presentation and knowing lots about chickens.

# Forest School in action!

Forest School is a key part of our Shining Lights Curriculum

This year all the children will take part in Forest School lessons. Not only do they learn about our wonderful natural environment, they learn about themselves and each other. It's a chance to challenge themselves and develop new skills and relationships. It's also lots of fun!

## Calling all DIY experts!

Could you spare a couple of hours to help us build a shed??

We have ordered brand new bike sheds for our Balance Bikes as part of our Cycling School plan. We also have sheds for our new Forest School area. We will be storing all sorts of exciting equipment for our outdoor learning space.

If you have the skills and the time to put together a flatpack, we would love to hear from you. We can provide tea, biscuits and very grateful children! **Call or email the school office if you're the hero we're looking for!**
